EXPORT CREDITS ORDER RESPECTING
INSURANCE, SALE OF WHEAT TO THE
HUNGARIAN PEOPLE'S REPUBLIC

WHEREAS in 1964 the Government of the Hungarian People's Republic and the Government of Canada made an agreement under which the Hungarian Government undertook to purchase 250,000 tons of Canadian wheat, of which 100,000 tons were in fact purchased before the date, June 10, 1967, fixed for the expiry of the said agreement;

AND WHEREAS the Hungarian People's Republic purchased 70,000 metric tons of Canadian wheat to be regarded as a further purchase against the said agreement under Order in Council P.C.1968-527 dated the 19th day of March, 1968;

AND WHEREAS under the protocol dated August 9, 1968 extending the Trade Agreement between Canada and the Hungarian People's Republic, Hungary agreed to complete the wheat purchases outstanding in respect of the 1964 agreement mentioned above;

AND WHEREAS the Hungarian People's Republic now desires to purchase the remaining 80,000 metric tons of Canadian wheat to complete the said agreement;

AND WHEREAS the proposed purchase, valued at approximately \$8 million, is to be made from Canadian exporters for shipment from Canadian Pacific Coast ports over a period extending from November, 1968 to January, 1969, on terms calling for payment of 10% of the amount owing to the exporter by the buyer in respect of each shipment at the date of each shipment, and the balance of 90% in three equal instalments due 24, 30 and 36 months from the date of each shipment;

AND WHEREAS the Hungarian Foreign Trade Bank Limited, acting on behalf of the Hungarian People's Republic, will guarantee that payments will be made on due dates;

AND WHEREAS in order to assist in financing the sale of wheat to Hungary the provision of contracts of insurance under the Export Credits Insurance Act is requested by exporters;

AND WHEREAS the Government of the Hungarian People's Republic in making the purchase may desire to provide for payment in United States of America currency;

AND WHEREAS the Board of Directors of the Export Credits Insurance Corporation, having regard to the limitations imposed by section 14 of the Export Credits Insurance Act, is of opinion that the proposed contracts of insurance would impose upon the Corporation a liability for a term and an amount in excess of that which the Corporation would normally undertake in relation to that commodity and in the opinion of the Minister of Trade and Commerce it is in the national interest that the proposed contracts of insurance be entered into.

THEREFORE, His Excellency the Governor General in Council, on the recommendation of the Minister of Trade and Commerce, pursuant to section 21 of the Export Credits Insurance Act, is pleased hereby to approve of and authorize the Export Credits Insurance Corporation to enter into the proposed contracts of insurance to cover approximately 80,000 metric tons of Canadian wheat valued at approximately \$8 million, for shipment from Canadian Pacific Coast ports over a period extending from November, 1968 to January, 1969, on terms calling for payment of 10% of the amount owing to the exporter by the buyer in respect of each shipment at the date of each shipment, and the balance of 90% in three equal instalments due 24, 30 and 36 months from the date of each shipment. The rate of premium charged for such contracts of insurance shall be 0.5% per annum on 90% of the amount owing to the exporter by the buyer for each shipment, provided that Export Credits Insurance Corporation will refund premium at the rate of 0.375% per annum on any prepayments in the event that the buyer makes any payments before due date, and the liability under each contract shall be limited to 90% of the amount owing to the exporter by the buyer for each shipment. The maximum aggregate liability of the Corporation under the contracts of insurance shall not be more than \$7.2 million, or if the purchases provide for payment in United States of America dollars, the maximum aggregate liability of the Corporation under the contracts of insurance shall not be more than U.S.\$6.66 million.

FARM MACHINERY SYNDICATES CREDIT ACT

At a duly called and constituted Meeting of the Farm Credit Corporation held on the 15th day of November, 1968, the following Resolution was duly passed:

WHEREAS by a Resolution passed on July 8, 1966, approved by the Governor in Council on July 27, 1966, by Order in Council P. C. 1966-1414 pursuant to subsection (2) of section 5 of the Farm Machinery Syndicates Credit Act, the Farm Credit Corporation prescribed six and one-half per cent per annum as a sufficient rate of interest to be borne by every loan made under that Act to return to it an amount equal to the cost of any money advanced to it for the purpose of making that loan and its expenses in administering that loan, including a reasonable reserve against losses.

AND WHEREAS the Farm Credit Corporation is of the opinion that the said rate is not now sufficient for such purposes and that a rate equal to the aggregate of one per cent per annum and the cost of money in the interest period in which the loan is approved is a sufficient rate to be borne by every loan made under the Act to return to it an amount equal to the cost of any money advanced to it for the purpose of making that loan and its expenses in administering that loan, including a reasonable reserve against losses.

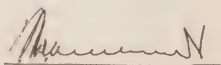

BE AND IT IS HEREBY RESOLVED that, subject to the approval of the Governor in Council and pursuant to subsection (2) of section 5 of the Farm Machinery Syndicates Credit Act, the Farm Credit Corporation is pleased to revoke the Resolution made on July 8, 1966, approved by the Governor in Council on July 27, 1966, by Order in Council P. C. 1966-1414 and to prescribe that the rate of interest per annum to be borne by every loan made under the Farm Machinery Syndicates Credit Act on or after the coming into force of this Resolution shall be a rate equal to the aggregate of one per cent per annum and the cost of money in the interest period in which the loan is approved by the Corporation.

AND BE IT FURTHER RESOLVED that in this Resolution

- (a) "cost of money" means the rate of interest per annum payable by the Corporation to the Minister of Finance with respect to money advanced by the Minister to the Corporation in an interest period pursuant to subsection (2) of section 7 of the Act; and
- (b) "interest period" means a period of six months commencing on the first day of April or the first day of October.

I HEREBY CERTIFY that the foregoing Resolution was duly approved by the Farm Credit Corporation at a duly called and constituted Meeting of the Corporation held as aforesaid.

Zipman's Caramel Corn, \$291.55 Tax \$225.59 Penalty
Tawa, Ontario.

This small proprietorship is engaged in the manufacture of candy. Business is marginal and a small portion of sales are made to retailers necessitating the company to remain under sales tax licence.

Mr. Louis Zipman, the company's proprietor, contends that the volume of business does not warrant the employment of a professional accountant. As a result, records are minimal making it difficult for Departmental auditors to conduct precise audits.

There had been an accumulation of sales tax arrears established by audits on an estimated basis covering several years, amounting to \$652.00, to which Mr. Zipman strongly objected. The possibility of recovery under the Excise Tax Act was virtually non-existent due to the financial circumstances of the licensee and the estimated nature of the assessments.

Mr. Zipman made several token payments against the arrears and in an effort to bring the matter to a conclusion has offered \$200.00 in settlement leaving an outstanding balance of \$291.55 sales tax and \$225.59 penalty.

Mr. Zipman is now over 70 years old and his small business income is being supplemented by the Old Age Pension. A recent audit indicates no sales tax arrears and current tax payments are being kept up to date. In the circumstances, it is considered advisable that the proposal be accepted and that the remaining tax and penalty be remitted.

Marathon Watch Co., (limited liability company)
Montreal, Quebec. \$4,752.28 Tax \$4,676.83 Penalty

During the latter part of 1966 an assessment of \$20,525.52 was established against Marathon Watch Co., for the period February 1, 1964, to April 30, 1966.

The inflation of inventories and accounts receivable by the company in order to obtain bank credit, and the purchase of similar merchandise tax paid, necessitated the use of an estimation as a basis, by the auditor, in determining the major portion of the tax payable. Since the company protested the assessment bitterly, but could not adequately support their representations, negotiations were continued which resulted in regular payments totalling \$8,273.24 and a final offer of an additional \$7,500.00 as in full settlement of the balance of the account.

The company, under extreme hardship, has paid the \$7500.00, and has maintained current taxes up to date. In view of the fact that the company has paid approximately 75%, i.e. \$15,773.24 of an estimated and disputed assessment, and, having in mind the financial condition of the company, and the age and health of Morris Wein, who is primarily responsible for the operation of the company, remission of the amounts indicated, is recommended.

The Committee of the Privy Council have had before them a report dated 12th November, 1968, from the Acting Minister of Transport, stating as follows:

That the Management of Canadian National Railways advise:

That, in connection with the Vancouver Terminal Project now being undertaken by the Canadian National Railway Company, it is proposed to construct a new line of railway 3.05 miles long, which includes a railway tunnel approximately 2 miles in length and a railway bridge across the Second Narrows, being an extension of the Burrard Sub-division between mile 4.80 Burrard Subdivision, and mile 151.76, Third Subdivision, Cascade Division, Great Northern Railway Company, as shown coloured red on Railway Plan No. 4635-29, dated revised to November 27, 1967, on record in the Department of Transport, at an estimated cost to the Railway of \$20,000,000;

That, Mile 4.80 Burrard Subdivision, is the most westerly extremity where additional right-of-way is required for the new line. The most easterly extremity where the new line right-of-way is required is the westerly road allowance of Willingdon Avenue;

That, it is pointed out that Canadian National Railway trains operate over the Third Subdivision of the Great Northern Railway between Fraser River Junction, mile 118.2, Yale Subdivision and Vancouver Junction, mile 131.1, Yale Subdivision. The Canadian National Yale Subdivision mileage is carried through over the Great Northern between the above two points for timetable purposes. Mileage 151.76, Third Subdivision, Cascade Division, equals mileage 126.95, Yale Subdivision. This mileage represents the connection of the new line with the Great Northern Third Subdivision;

- 2 -

That, the new line from the point of connection with the Great Northern at mile 151.76 Great Northern Third Subdivision, Cascade Division, crosses Willingdon Avenue, which is to be grade separated, then starts to descend into cut section approaching a tunnel, at the same time diverging from the Great Northern and leaving its right-of-way at station 10+60. The cut section becomes a combination cut and retaining wall section from station 15+30 to the tunnel portal at station 22+70. From this point the tunnel extends 11,190 feet (2.12 miles) to a point just south of the C.P.R. right-of-way along Burrard Inlet. There is a short section of rock cut, then a new bridge extending 2,174 feet over the Second Narrows and Burrard Inlet on a descending gradient. The north approach fill to the bridge descends on a curve, joining the alignment to the approach to the existing Second Narrows bridge where it passes under the highway bridge, but at an elevation 8 feet higher than at present. The grade revision continues on the existing alignment to Seymour Avenue, not open. The new Second Narrows bridge carries the proposed line over the C.P.R. tracks and right-of-way;

That, the Minister of Transport has sanctioned the location of the new line, aforesaid, as shown coloured red on said Railway Plan No. 4635-29, dated revised to November 27, 1967;

That Order in Council P.C. 1966-630 of 4th April, 1966 approved construction, etc. by the Canadian National Railway of a line of railway 3.13 miles long being an extension of the Burrard Subdivision in connection with the Vancouver Terminal Project. In 1967 it was found that soil borings indicated the proposed junction point for the said new line was unsuitable because of a peat condition and it has become necessary to select a new junction point 453.6 feet west of that originally proposed; and

That the said Order in Council P.C. 1966-630 be now revoked.

- 3 -

The Committee, therefore, on the recommendation of the Acting Minister of Transport, pursuant to section 22(1)(a) of the Canadian National Railways Act, as amended by section 77(1)(a) of the National Transportation Act, advise that Your Excellency may be pleased to approve the construction, operation and maintenance by the Canadian National Railway Company of the said railway line on the said location. of the Privy Council, approved by His Excellency the Governor
General on the 26th November, 1968.

The Committee of the Privy Council have had
before them a report from the Minister of Veterans
Affairs, representing:

That subsection (1) of section 24 of the Veterans
Land Regulations provides that the Director may not approve
financial assistance on behalf of a veteran qualified as a
small-holder on an area of land containing less than one-
half of one acre but at the discretion of the Director this
area may be reduced by 20%;

That Douglas Dona DeMara requested that the
Director provide financial assistance under Parts I and III
of the Act to acquire two parcels of land described as parts
of Lot 15, Plan 1A, City of Peterborough, County of Peter-
borough, Province of Ontario containing an aggregate area of
18,600 square feet;

That the legal agent appointed by the Department
of Justice to acquire a good and marketable title in the
name of The Director, The Veterans' Land Act to the two
parcels of land reported he could not certify title to the
smaller parcel containing approximately 3,600 square feet
since not all members of the estate interested therein were
prepared to sign off their interest; and

That inasmuch as veteran DeMara has been leasing the
other parcel of land containing approximately 15,000 square
feet with the dwelling constructed thereon and as he applied
in good faith for establishment under the Act on the basis of
two parcels of land that would meet the minimum area require-
ments of section 24 of the Regulations, it is deemed advisable
to approve his establishment on the reduced area.

- 2 -

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, advise that Your Excellency may be pleased to approve the establishment of veteran Douglas Dona DeMara on part of Lot 15, Plan 1A, City of Peterborough, County of Peterborough, Province of Ontario containing approximately 15,000 square feet in area which is less than the prescribed minimum of one-half of one acre.

PRIVY COUNCIL

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 10th day of DECEMBER, 1968

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Minister of Transport reports
as follows:

That the St. Lawrence Seaway Authority was established, pursuant to C. 242, R.S.C. 1952, for the purposes, amongst others, of acquiring land for and constructing, maintaining and operating all such works as may be necessary to provide and maintain, either wholly in Canada or in conjunction with works undertaken by an appropriate authority in the United States, a deep waterway between the Port of Montreal and Lake Erie;

That in accordance with section 14 of the said Act, by Order in Council P.C. 1959-204 of 19th February, 1959, the Governor in Council entrusted the management and operation of the Welland (Ship) Canal to the Authority upon condition that it form an integral part of the deep waterway between Montreal and Lake Erie;

That section 18 of The St. Lawrence Seaway Authority Act provides that the Authority may, with the prior approval of the Governor in Council, take or acquire land, without the consent of the owner, for the purposes of the said Act;

- 2 -

That by Order in Council P.C. 1965-2174 dated the 2nd day of December, 1965, approval was given to The St. Lawrence Seaway Authority for the taking or acquiring, without the consent of the owner, of the lands described in the Schedule thereto in connection with, amongst other things, the diversion of the southerly section of the Welland Canal;

That the lands described in the Schedule thereto were duly expropriated by Notice of Expropriation registered on December 6, 1965;

That at the time of the said expropriation, the exact location of future tunnels under the canal diversion had not been ascertained nor had the consequent relocation of railway facilities which were required to be accommodated across the canal diversion in one such tunnel;

That the site for both a railway tunnel and two relocated segments of railway trackage has now been determined;

That negotiations with the three railroads concerned have been difficult and protracted, delaying the survey and engineering work needed to identify the required lands;

That attempts have been made to purchase rather than expropriate the lands required for the tunnel approaches and for the two segments of railway trackage. The Authority has been successful in purchasing only 11 of the 63 properties or portions thereof involved. There remains 52 landowners who have refused to sell the land required by the Authority;

...

- 3 -

That the lands recommended for expropriation are generally vacant and that where there are occupied dwellings, the residents will be given time to vacate; and

That in view of the proposed date of completion of the Welland Canal diversion being April 1972, it is required to expropriate the lands set out in the Schedule hereto as soon as possible.

THEREFORE, His Excellency the Governor General in Council, on the recommendation of the Minister of Transport, pursuant to section 18 of The St. Lawrence Seaway Authority Act, is pleased hereby to approve the taking or acquiring by the St. Lawrence Seaway Authority without the consent of the owner, the lands described in the Schedule hereto.

PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee
of the Privy Council, approved by His Excellency the Governor
General on the 10th December, 1968.

The Committee of the Privy Council have had before them a report dated 5th December, 1968, from the Minister of Transport with the concurrence of the Minister of Finance, representing:

That by Order in Council P.C. 3253 of 21st June, 1951, the authority given to the Canadian National Railway Company by the Order in Council referred to in the said Order in Council P.C. 3253 to make grants to municipalities in lieu of taxation on Canadian Government Railways properties is extended to cover the years 1952 to 1956, inclusive, upon the same terms and conditions and subject to the further condition that the grants paid to municipalities elsewhere than in the Maritime Provinces shall not exceed \$100,000 per annum and that the authority includes the payment of grants to the City of Victoria, British Columbia;

That by Order in Council P.C. 1956-1798 of 29th November, 1956, the authority granted by Order in Council P.C. 3253 of 21st June, 1951, is extended to cover the years 1957 to 1961 inclusive, upon the same terms and conditions and subject to the further conditions that such extended authority shall be restricted to urban municipalities, namely, incorporated cities, towns and villages, and that the sum of \$100,000 per annum to cover municipalities outside the Maritimes shall include an annual grant to the City of Victoria in respect of Ogden Point Piers;

That in 1966 the Minister of Finance and the President of the Canadian National Railway Company mutually agreed on the nature of the payment of grants in lieu of municipal and school taxes by the Company on Crown properties entrusted to the Company for management, such agreement being, generally, along the following lines:

- 2 -

1. The grant payments in respect of entrusted properties would extend only in respect of municipal and school taxes;
2. The municipal and school taxes, in respect of which grants would be paid, subject to certain limitations, would be the real property tax, local improvement charges, business tax and licence fees imposed in lieu of business taxes. Both urban and rural municipalities and school authorities would qualify for grants; and
3. Valuation of entrusted properties for grant purposes would be undertaken by the Canadian National Railways.

That the said agreement reached in 1966 between the Minister of Finance and the President of the Company was to be effective for financial years commencing subsequent to December 31, 1966 and the said agreement has continued in force and effect to this date;

That the Government authorized federal Crown corporations to seek authority to pay grants in lieu of real property taxes on Crown properties administered by them where such taxes are imposed by provinces and Territories to finance services that are ordinarily provided in Canada by municipalities and school authorities and that such payments have been made by the Canadian National Railways; and

That it is considered advisable that the said arrangements be submitted to the Governor in Council for approval and that they should be made effective for a period of five years beginning January 1, 1969.

The Committee, therefore, on the recommendation of the Minister of Transport with the concurrence of the Minister of Finance, advise that authority be granted to the Canadian National Railway Company to make grants to municipalities, school boards, provinces and Territories during the five year period commencing January 1, 1969 in lieu of taxes on properties of Her Majesty in right of Canada entrusted to the Company for management and

- 3 -

operation, the payment of such grants to be subject to the following conditions:

1. The municipal and school taxes in respect of which grants may be paid, subject to the limitations herein set out, are the real property tax, local improvement charges, business tax and licence fees imposed in lieu of business tax. Both urban and rural municipalities may qualify for grants and payments may be made in respect of railway property for which there is a statutory exemption;
2. The provincial and Territorial taxes in respect of which grants may be paid are real property taxes which are imposed by a province or territory to finance services which are ordinarily provided throughout Canada by municipalities and school authorities;
3. Valuation of entrusted properties for grant purposes would be undertaken by the Canadian National Railways. Property eligible for inclusion in the grants will be valued as if it were taxable property. In the event of dispute over value, final decision will vest in the President of the Railway;
4. The rate or rates of tax used in calculating the grant payments will, as under the Municipal Grants Act, be determined annually and will be the rate or rates which would be applicable if the Crown property were taxable property;
5. Payments would be made to the tax collecting authorities which collect municipal, school, provincial and Territorial taxes in jurisdictions where entrusted properties are situated;

- 4 -

6. The said payments shall be subject to the following limitations:
- (a) no grants in lieu of taxes may be paid in respect of personal or movable property such as rolling stock, trucks, ferries, etc;
 - (b) the definition of real property for purposes of real property and business tax grants hereunder shall be limited in the same manner as is done for real property tax grants under Section 2(c) (iii) of the Municipal Grants Act in order that structures such as tunnels, bridges, pole lines and trackage shall be excluded from grant payments, but not any land associated with such structures;

The Committee of the Privy Council have had
before them a report from the Minister of Transport,
representing:

That the Management of Canadian National
Railways advise as follows:

That the Canadian National Railway Company has
been requested to guarantee certain proposed
lease obligations of its wholly owned subsidiary
the Grand Trunk Western Railroad Company,
respecting required rolling stock;

That such equipment consists of 650 70-ton Box
cars for use in newsprint service, 249 Low Deck
Tri-Level Box cars (including interior racks),
51 High Cube Box cars and 16 High Density Box

That a very favourable offer has been received
from Donovan S. Thayer and D.E. Mundell, not in
their individual capacities but solely as
Trustees, and United States Leasing International,

such other nominees as United States Leasing

manufactured to railway specifications, to Grand
Trunk Western Railroad Company for a term of 15

rate of 4 5/16% upon the estimated construction
cost of the cars of \$16,590,002.10 (\$10,400,000
Canadian Funds and \$6,190,002.10 U.S. Funds),

- 2 -

and the racks for a term of 8 years at a monthly rental calculated at a leasing rate of 3% upon the estimated construction cost of the racks of \$1,825,000 (U.S. Funds), the said lease to be contingent upon the equipment qualifying for the 7% United States investment tax credit, and to grant to the Lessee an option to purchase upon lease expiration (monthly lease payments payable in U.S. funds);

That the offer has been made conditional upon Canadian National Railways guaranteeing the lease obligations of Grand Trunk Western Railroad Company; and

That the Directors of Canadian National and Grand Trunk Western recommend acceptance of this offer.

The Committee, therefore, on the recommendation of the Minister of Transport, pursuant to section 31 of the Canadian National Railways Act, advise that Your Excellency may be pleased to approve the guarantee by Canadian National Railway Company of the obligations of the Grand Trunk Western Railroad Company respecting required rolling stock.

of the Privy Council, approved by His Excellency the Governor
General on the 17th December, 1968.

The Committee of the Privy Council have had
before them a report from the Acting Minister of
Transport, representing:

That by Letters Patent No. 82768 dated October
18, 1968, the Department of Transport's former Tiner Point
light site in the Province of New Brunswick consisting of
two parcels of land together with buildings thereon was
conveyed to Mrs. Mary R. Splane;

That it has subsequently been discovered that the
Department owned an additional two acres in parcel one which
was acquired from the Department of National Defence in 1946
and that the area of the said parcel should have been 18.50
acres instead of 16.50 acres;

That Mrs. Splane when submitting her offer of
\$3,600 for the holding at Tiner Point was of the opinion that
she was acquiring all the Department's surplus property at
this location; and

That in the circumstances, the Director of the Real
Estate Branch recommends that the additional two acres now be
conveyed to Mary R. Splane on a no-charge basis.

The Committee, therefore, on the recommendation of
the Acting Minister of Transport, pursuant to the Public Lands
Grants Act, advise that Your Excellency may be pleased to
authorize the conveyance by Letters Patent to Mrs. Mary R.
Splane, on a no-charge basis, two additional acres of land at

acquisition of a parcel of land measuring 300 feet square
in the Township of Alberton, County of Prince, Province of
Prince Edward Island;

That in granting the Department its rights the
vendors stipulated that the old light site consisting of
two parcels of land containing 1,177 square feet, more or
less, together with buildings thereon being composed of
combined lighthouse and residence and wood shed be conveyed
to them by Quit-Claim Letters Patent for the sum of \$100;

That the Department placed the old buildings on
the property without obtaining proper title thereto and Mr.
Douglas et al are now the owners of the land on which the
structures stand; and

That the Director of the Real Estate Branch of the
the Department considers this settlement fair and reasonable
and recommends its acceptance.
